## Even Better Than the Real Thing

### The biggest support act on U2's Australian tour has been Sani Hire!

As U2 concludes their record breaking Vertigo 2006 tour, Telstra Stadium management is praising the tireless work of a local company who made a huge contribution to the Sydney extravaganza.

Telstra Stadium realised that *sometimes you can't make it on your own*, and engaged Sani Hire to provide and service 162 portable toilets at Telstra Stadium, to make sure the spotlight remained on the world's biggest rock band.

"At U2 we had a team of staff on hand from when the gates opened, to ensure our toilets were *even better than the real thing*. We strive for our portable toilets to be the most hygienic, clean and user friendly toilets you will ever come across," explained Jason Wilson, the Managing Director of Sani Hire.

Telstra Stadium management were quick to praise the effort of Sani Hire in delivering the service efficiently at Sydney's biggest entertainment event for 2006.

"The provision of temporary toilet facilities to the 25,000 arena patrons was by no means an easy task and one that would have only been acknowledged in the event that it somehow failed," said Greg Sleight, Manager of Stadium Operations at Telstra Stadium.

"Happily this was most definitely not the case and we can only thank you and your staff for the considerable contribution made to the event's success. We hosted approximately 210,000 people over the course of the three concerts, providing some perspective to the enormity of our achievement," Mr Sleight told Sani Hire.

The events keep coming for Sani Hire, with the Victorian team providing portable toilets for the Great Victorian Bike Ride from November 25. Starting in Wangaratta, the Sani Hire team will drop portable toilets at a location, clean them and then transport them to a new location each day as the riders make their way through the countryside, concluding on December 3.

#### About Sani Hire:

The Sani Hire story began in 1978 when the company was formed to supply quality toilets and service for events, functions, domestic, commercial and construction industry requirements.

Sani Hire is one of the largest independent suppliers of Portable Toilets. They only specialise in the hire and service of portable toilets, waste tanks and associated products. They do one thing, and do it better than anyone else.

Sani Hire manufactures their own toilets to the highest possible standards. Their toilets are Workcover approved and preferred by Government bodies.

With a workforce dedicated to giving quality service, Sani Hire has a reputation that is the envy of its competitors. Sani Hire guarantees to service their toilets within 24 hours of the scheduled service time and can arrange delivery for any time.

Sani Hire supplies a variety of toilets to the construction industry and various events in both Sydney and Melbourne.
